EDUCATION

Bachelor of Technology (B.Tech) Computer Science & Engineering,
Gautam Buddha University

Sept 2022 - Jun 2026

TECHNICAL SKILLS

Programming Languages: C++ , Python

Frontend: Next.js, React.js, JavaScript (ES6+), TypeScript, Redux Toolkit

Backend: Node.js, Express.js, RESTful API, JWT Auth

Database: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Postman, Firebase , Claude Code, OpenAI Codex

EXPERIENCE

Full Stack Developer Intern, Correm Advisory India Private Limited – New Delhi

May 2026 – Present

- Contributed to full-stack development across frontend and backend components of internal business applications.
- Collaborated with the engineering team to design, build, test, and refine features in a fast-paced, agile environment.

PROJECTS

AlphaCare – AI-Powered Healthcare Chatbot | Repo

Tech Stack: Next.js, React.js, Node.js, Firebase, Tailwind CSS, Vapi API, Google Gemini, TypeScript

- Designed and developed an AI-powered healthcare assistant that provides real-time health consultations through voice-based interactions.
- Addressed the challenge of limited access to immediate healthcare guidance by offering users a convenient and accessible digital health companion.
- Spearheaded back-end development and integrated Google Gemini API with Vapi API to enable intelligent conversations and seamless voice communication.
- Contributed to healthcare accessibility by delivering 24/7 health support and increasing user awareness through an intuitive voice-first experience.

React UI Component Library | NPM

Tech Stack: React.js, Node.js, MongoDB, Express, Tailwind CSS ,npm

- Developed an AI-powered React UI component library offering reusable components and AI-driven custom component generation.
- Addressed the challenge of repetitive UI development by enabling developers to build interfaces faster and more efficiently.
- Spearheaded full-stack development using React.js, Node.js, Express.js, and MongoDB, including component and theme management.
- Implemented a credit-based Generative AI system that converts user prompts into customizable React components.
- Published the library as an npm package, enabling seamless integration across multiple web applications.

ADDITIONAL INFORMATION

Languages: English(Fluent), Hindi(Native)

Certifications: Google Cloud GenAI (Google Cloud), Advanced Software Engineering (Walmart USA - Forage), Deloitte Australia Technology (Forage), Generative AI (HP Life)

Awards/Activities: Ignition (Finalist, GBU), Hack The Hills 3.0 (IIIT Una), HackStreet 3.0 (JIIT), Code of the Phoenix (IIIT-NR), Hacksagon (ABV-IIITM)

Volunteered at MotoGP Bharat 2023,supporting event and logistics coordination
